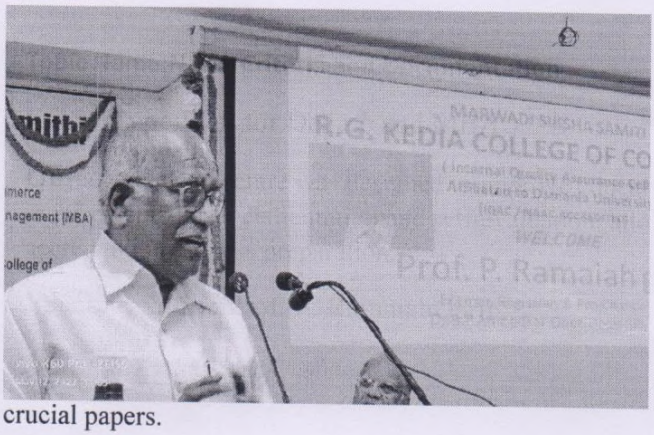
Topic Name:NAAC Criteria and Documentation

Event Type:FDP for Degree and MBA

Objective: The lecture was designed to improve educational institutions' comprehension of NAAC requirements for documentation and self-evaluation, allowing for more efficient self-assessment and accreditation process preparation.

Speaker Name: Prof. P. RamaiahGaru

The conference started with an introductory session comprising distinguished speakers, including NAAC officials, and convener's criteria wise. The speakers emphasised the value of the accreditation procedure and how it aids in encouraging institutional development and quality assurance.



The main goals of the seminar were as follows:

To acquaint participants with the standards and important metrics that NAAC uses for evaluation and accreditation.

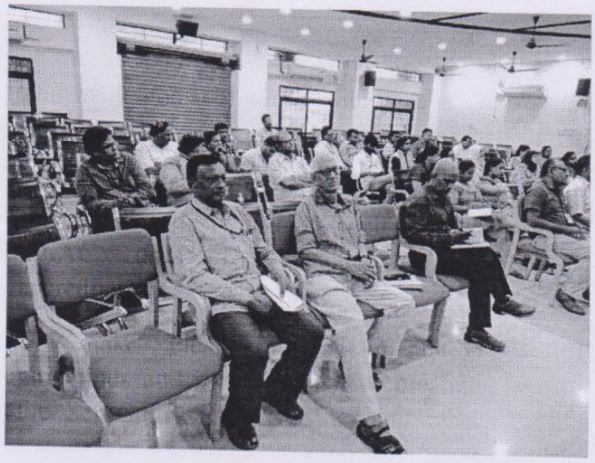
To make clear the documentation guidelines and requirements for creating the Self-Study Report (SSR) and other crucial papers.

To exchange best practises and approaches for bringing institutional systems, procedures, and practises into compliance with NAAC standards.

To encourage discussion and respond to inquiries about the accreditation procedure.

The session ended with A thorough discussion of the documentation requirements for accreditation, including the creation of the SSR and supporting documents, was held.

In order to gather evidence, maintain consistency, and present information in a clear and a way easy to understand manner, participants were coached through the process.



Prof Dr. DVG KRISHNA, Director, MSS welcomed the distinguished and introduced the chief guest and Principal, MBA Department, College proposed the vote of thanks.

Topic Name:Training on ICT Tools for innovation Pedagogies

Event Type: FDP for Degree and MBA

Objective: The program's objective was to improve faculty members' abilities to use Information and Communication Technology (ICT) technologies to support cutting-edge teaching and learning techniques.

Date:15th March 2019

Speaker Name: Prof.Jeelani

The FDP's main goal was to give faculty members the skills they needed to successfully incorporate ICT into their teaching strategies. The programme did this in an effort to encourage participation from students, active learning, and critical thinking in the classroom.

Programme specifics:

The FDP was held over the course of three days and included a variety of presentations and workshops. The program's main elements were as follows:

- a description of ICT tools for cutting-edge pedagogy
- Interactive whiteboards, multimedia presentations, learning apps, and other common ICT technologies are taught practically.
- Case studies and best practises demonstrating the use of ICT technologies in various educational contexts are available.
- Activities that encourage peer learning and information sharing in groups and collaboration Techniques for assessing the success of ICT integration in teaching and learning processes
- In the area of ICT-enhanced pedagogies, resources and assistance are available for ongoing professional development.

Prof Dr. DVG KRISHNA, Director, MSS welcomed the distinguished guest and introduced the chief guest and Principal, MBA Department proposed the vote of thanks.

FDP programs for Professional Development organised by the College for2018-19

Topic Name: Faculty Development Program on First Hand Experience on SPSS

Event Type: Faculty Development Program for UG &MBA

Objective: To provide knowledge for Researchers from a variety of fields utilising the software programme SPSS (Statistical Package for the Social Sciences) for the quantitative analysis of complex data.

Speaker Name: Associate Professor Ananth, IPE

Event Date: AUG 23rd 2018

Event Details: The program's primary goals are as follows:

- Recognising the Foundations of Research Methodology and the Nature of the Data
- Understanding the Basic Statistics Concepts Involved in Hypothesis Testing
- To comprehend the selection criteria for the suitable statistical technique
- To employ SPSS for data analysis and to interpret the relevant SPSS output

The purpose of this FDP is to assist academic staff, managers, researchers, and management students in improving their analytical skills using SPSS (Statistical Package for the Social Sciences). From the very fundamentals of data preparation and cleaning to advanced statistical techniques, including the theoretical foundations of those methods, the programme is designed to cover every relevant aspect of statistical data analysis.

Topic Name :Faculty Development program
Exploring Dynamics of National Education Policy 2020

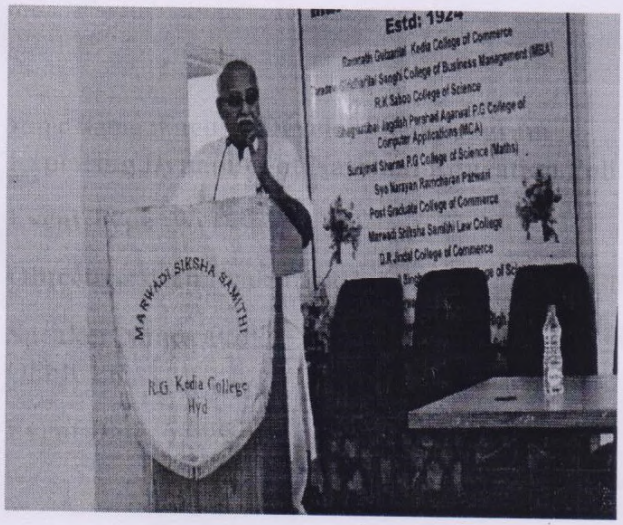
Event Type: Workshop

Objective: To provide basic knowledge about NEP 2020.

Speaker Name: Prof. GVSS PRASAD, Associate Professor in NEW SCIENCE COLLEGE /NSS OFFICER

Event Date: 6/09/2018

A seminar on national educational policy was conducted in college auditorium on ----at 10.30 am was attended by students and faculty of all streams.



The speaker spoke about the vision of the policy is to build an education system that contribute to transform by providing high - quality education to all. The gist of the seminar was the educate about the objective of the policy like to bring in play based or activity-based method in the foundation stage, in preparatory stage would be activity based and also include classroom interaction and the element of discovery, whereas middles stage will work on experiential learning in the science, mathematics, arts, social science and humanities and the 4-year of secondary stage will be of concepts covered in greater depth. Further the exams will be made easier. Board exams questions to have two types- objective with multiple choice and descriptive type. Also, a three-language policy wherein the students will learn three languages in their school. In higher education 4year multi-disciplinary bachelor's degree in a undergraduate program with multiple exit options like, a certificate after completion of 1 year study, a diploma after 2 year completion of study, a bachelor's degree after 3 year study and a 4 year multi-disciplinary bachelor's degree after 4 year study. The policy also proposes to internationalize education in India, and the fees of both private and public universities will be fixed. The EdTech companies and start-ups are provided with necessary guidelines and to develop learning management systems and numerous new educational institutes, bodies have been given permission to be formed.

The session was very informative especially to the students and faculty to upgrade themselves with the upcoming policy. And the session concluded with vote of thanks and a sapling was presented to the speaker.
